

**COUNTY OF RIVERSIDE, CALIFORNIA
BOARD OF SUPERVISORS POLICY**

<u>Subject:</u>	<u>Policy Number</u>	<u>Page</u>
INTERPRETIVE PUBLIC INFORMATION SERVICES	J-6	1 of 1

Policy:

1. The Parks Department shall, through its interpretive program, create a public awareness of park values including natural systems, outdoor recreation education, interpretation of flora, fauna, history, archaeology, geology, etc. so that the park users will be better informed as to the historical, cultural, and natural heritage of Riverside County.
2. The Parks Department shall have special interpretive units in regional parks which shall be separate from the multi-purpose recreation use areas. These interpretive units shall serve to communicate the unique features of the park to the general public.
3. The Parks Department shall provide an extension service to other public agencies and community groups in the area to interpretive training programs and modern outdoor education techniques.
4. The Parks Department shall provide public information services to acquaint the public with the regional park system and its related programs and facilities. This program shall utilize all available media such as park brochures, special program flyers, news releases, radio and television public service spot announcements, etc.
